LOCATED IN THE HEART OF THE FINGER LAKES

Shepherdess Cellars is located at the heart of the Cayuga Wine Trail on Route 89 on the west side of Cayuga Lake. The Cellar was launched in 2014 by the Radloff Family with the intention of making great wine, representative of the Finger Lakes area. We source our fruit from local growers who share the passion of producing an exquisite wine.

From the beginning, our goal has been to make wines that would pair with both food and wines that would be fun on their own. What we have accomplished in is the creation of well balanced, thoughtful wine.
